CHAPTER II – TRANSACTIONS ON THE TRADING PLATFORM

10. OPENING AND COMPLETING A TRANSACTION

- 10.1 Subject to Sections 1.2 to 18.1 of this Agreement, you shall be able to complete a Transaction through the Trading Platform. You acknowledge and agree that we may, in our sole discretion, add, remove or suspend from the Trading Platform, any Instrument, from time to time as a

result of a takeover, share consolidation/split, merger, spinoff, nationalization, de-listing, and the like or if no customer Positions are held in a particular Instrument at that time.

- 10.2 You agree that we may offset any Transaction with other third parties in order to offset any liability or risk associated with any Transaction(s) you undertake with us.
- 10.3 In order to open a Transaction on the Trading Platform, you must either open a Buy or a Sell, at the price quoted by the Trading Platform at the time of such Transaction. In order to close a Transaction, you must either offer to sell (in the case of a Buy), or purchase (in the case of a Sell), the Instrument covered by such open Transaction, at the price quoted by the Trading Platform at the time of such closing offer. You acknowledge and agree that you are not entitled to ownership of the underlying instrument. You acknowledge that Transactions or open Positions cannot be transferred to other Derivative providers or their platforms.
- 10.4 The Trading Platform will provide a Buy quote and a Sell quote for each Instrument traded on the Trading Platform. You acknowledge that upon opening a Buy or closing a Sell, you may only do so at the price quoted by the Trading Platform to purchase such Instrument. You further acknowledge that upon opening a Sell or closing a Buy, you may only do so at the price quoted by the Trading Platform for such Instrument. When you complete a Transaction on the Trading Platform, you agree that you are dealing with us as a principal, off-exchange, and are not dealing on the Exchange.
- 10.5 On the Trading Platform, you shall be entitled to place an order to open a Transaction at the best available rate on the Trading Platform ("Market Order") at the time of opening such a Transaction, unless you specify a particular price to make an offer to open a Transaction ("Limit Order"). With respect to a Market Order, the price at which a Transaction is completed may not always be the exact rate displayed when the order is submitted. You agree that your offer to open a Market Order may be accepted at a lower price or higher price than the price indicated by you in your Market Order, within a certain range as specified on the Trading Platform from time to time. If you choose to open a Market Order, your order will be accepted at the best possible rate available on the Trading Platform.
- 10.6 Placing an Order does not guarantee that a Transaction will be entered into under the exact same terms that exist when the Order is placed. Similarly, with respect to a Limit Order, the price at which a Transaction is completed may not always be at the exact rate displayed when the order is submitted. You acknowledge that KLIPS CY has the right to execute your Limit Order at a price which takes into account the conditions offered on the instrument, including but not limited to the leverage ratio, at the time the Order is executed, rather than the conditions offered on the instrument at the time the Order was placed. At any time prior to the acceptance of a Limit Order, you may cancel the Limit Order without any further liability. If you choose to open a Limit Order, your offer will be accepted at the next available rate offered on the Trading Platform. In certain circumstances, the margin requirements might increase (between the time that the Order was placed and the time that the offer was accepted). While we will take steps to notify you about the increase, it is your responsibility to monitor your Trading Account and ensure that the available equity is sufficient to cover the margin required, in accordance with Section 18 of this Agreement.
- 10.7 You agree that your offer to open a Transaction, if accepted by us outside Trading Hours, may not be capable of execution should the market for the Derivative not trade at the price stipulated once Trading Hours commence.

11. STOP AND LIMITS

- 11.1 We may, in our sole discretion, allow you to specify a closing price for a Transaction through a "Close at Loss" and "Close at Profit" order, subject always to the terms of the User Agreements and any other terms and conditions we may implement from time to time.
- 11.2 Upon your offer and our acceptance of your Order, you hereby authorize us to close the

Transaction at the “Close at Loss” price or “Close at Profit” price, as applicable, and as agreed in the Order, without further instruction from or notification to you. We may, in our sole discretion, close the Transaction when the price quoted by us on the Trading Platform equals or exceeds the price accepted by us for such an Order. You acknowledge that we will not be required to close any Transaction if you are not in compliance with any of the factors set out in Section 15.15 of this Agreement.

- 11.3 We may, in our sole discretion, allow you to request the opening or closing of a Transaction, including a “Close at Loss” and “Close at Profit” Order, within a specific time period determined by you. If we have accepted such a request, we may in our sole discretion, close the Transaction within such a specific time period. You acknowledge and agree that we shall not be obliged to close such a Transaction outside such specific time period or which does not otherwise comply with any other limitations agreed upon with respect to such Transaction.
- 11.4 You acknowledge and agree that due to market volatility and factors beyond our control, we cannot guarantee that an Order will be executed at the level specified in your Order (for example, an Order may be closed at a worse price than as originally specified by you in such an Order). In such an event, we will close the Transaction at the next available price on the Trading Platform. For example, with respect to a Close at Loss, in the case of a Buy, the price of an Instrument underlying such Order may suddenly decrease below the Close at Loss price, without ever reaching such price. In the case of a Sell, the price of an Instrument underlying such Order may suddenly increase above the Close at Loss price, without ever reaching such price.
- 11.5 The Company has the obligation as per ESMA's Product Intervention measures, for retail client accounts, to set a margin close out rule at 50% per account basis. Where the margin level drops below 50%, the Company will proceed with close out without further reference to the Client.
- 11.6 With respect to a Close at Profit, where the price for an Instrument moves to your advantage (for example, if the price goes down as you buy or the price goes up as you sell), you agree that we can (but do not have to) pass such price improvement on to you. For example, in the case of a Buy, the price of an Instrument underlying such Order may suddenly increase above the Close at Profit price, without ever reaching such price. In the case of a Sell, the price of an Instrument underlying such Order may suddenly decrease below the Close at Profit price, without ever reaching such price.

12. OVERNIGHT FUNDING AND CURRENCY CONVERSION FEE

- 12.1 Any open Transaction held by you at the end of the trading day of the Exchange on which the relevant Instrument is traded or over the weekend when the relevant Exchange is closed, shall automatically be rolled over to the next business day to avoid an automatic close and physical settlement of the Transaction. You acknowledge that, when rolling such Transactions to the next business day, an Overnight Funding adjustment will be either added to or subtracted from the balance of your Trading Account.
- 12.2 The Overnight Funding is a percentage of the position value and is based on a number of factors including among others, whether the Transaction is a Buy or a Sell, interest rates, daily price fluctuations and other economic and market related-factors.
- 12.3 The Overnight Funding rate for each Instrument is displayed in the instrument details for each specific Instrument on the Trading Platform. When opening a Transaction for a specific Instrument, you acknowledge that you are aware of the Overnight Funding.
- 12.4 The Overnight Funding percentage may be updated and will be applied based on the updated position value, including for open positions. KLIPS CY may charge a Currency Conversion Fee for all Transactions on instruments denominated in a currency different to the currency of the Client Trading Account. For any conversion required to be effected from one currency to another for conducting any Transaction pursuant to this Agreement, the Company is entitled to charge a Currency Conversion Fee of up to 0.5% of the Transaction's realized Net Profit and

Loss. Such Currency Conversion Fee may be changed from time to time, and it will be reflected in real time into the unrealized Net Profit and Loss of an open Position and will be charged once the Position is closed.

- 12.5 You hereby authorize us to subtract the Currency Conversion Fee from your Trading Account and/or to add or subtract the Overnight Funding to or from the balance of your Trading Account for any open Transactions that have accrued a Currency Conversion Fee and/or an Overnight Funding. This will be done in accordance with the applicable rate thereto, each day at the time of collection specified on the Trading Platform for each individual Instrument, as applicable.

13. EXPIRY OF TRANSACTIONS

- 13.1 We may, in our sole and absolute discretion, set an Expiry Date for a specific Instrument.
- 13.2 In the event we set an Expiry Date for a specific Instrument, it will be displayed on the Trading Platform in the details link for each specific Instrument. You acknowledge that it is your responsibility to make yourself aware of the Expiry Date.
- 13.3 If you do not close an open Transaction with respect to an Instrument which has an Expiry Date, prior to such Expiry Date, the Transaction shall automatically close upon the Expiry Date. The Transaction shall close at a price which will be the last price quoted on the Trading Platform immediately prior to the applicable Expiry Date.

14. OUR RIGHT TO FORCE CLOSE AND PLACE OTHER ACCOUNT RESTRICTIONS

- 14.1 If the prices quoted on the Trading Platform change such that your Client Equity is below the 50% of the Margin then it is our Regulatory obligation, your position will automatically Close Out and your Trading Account is in Margin Call, you acknowledge that we have the right to immediately Force Close without any notice. The exercise of our right to Force Close your open Transactions will not result in termination of your Trading Account or of this Agreement.
- 14.2 Notwithstanding the foregoing, if the prices quoted on the Trading Platform move against the price of your Transaction, we may, without obligation or liability, issue you a Margin Alert notifying you to increase the available funds balance in your Trading Account, within the time prescribed by us, to meet the Maintenance Margin requirements for the purpose of keeping a Transaction open.
- 14.3 If you do not act upon a Margin Call/Margin Alert within the time prescribed by us, by depositing additional funds, we have to close any and all of your open Transactions whether at a loss or a profit and liquidate your Trading Account for the Difference payable by you. If the Trading Account is in Margin Call and you have more than one open Position, the Positions will start closing out according to their unrealized profit and loss from Positions with the biggest loss-making position to most profit making position until the Client Equity in your Trading Account is equal to or greater than the Margin Close-out Amount. All open positions are deemed to be at risk of being closed as soon as the Trading Account enters into a Margin Call. Notwithstanding any of the above, it is your responsibility to monitor, at all times, your Trading Account balance against the amount of any margin required.
- 14.4 We have the right to close open Positions at prices quoted on the Trading Platform and or limit the size of open Positions and to reject Orders to establish new Positions in any of the following cases:
- 14.4.1 we consider that there are abnormal trading conditions. You acknowledge that the trading of certain Instruments on the Trading Platform may become volatile very quickly and without warning. Due to the high degree of risk involved in trading volatile Instruments, you acknowledge and agree that we reserve the right to close all or any open Transactions

- with respect to any Instruments that we determine, in our sole discretion, are volatile, at the price quoted on the Trading Platform at such time without notice;
- 14.4.2 at any time Client Equity equals or falls below Maintenance Margin;
 - 14.4.3 we reject the Order due to trading limits imposed on the Trading Account;
 - 14.4.4 when your Trading Account enters into Margin Call or you do not act upon a MarginAlert under Section 14.2;
 - 14.4.5 a Force Majeure Event has occurred or a quoted price on the Trading Platform includes a Manifest Error;
 - 14.4.6 in the event we become aware of any illegal activity or inaccuracy in the Registration Data.
- 14.5 You acknowledge that we may be unable to receive and/or execute your Orders where a certain Instrument traded on the Trading Platform becomes volatile or when we cannot enter into a corresponding trade to hedge our own risk. Therefore, you acknowledge that market circumstances in relation to the underlying Instruments may impact on your ability to place or amend an Order or close a Position with us.
- 14.6 We reserve the right, acting reasonably and in accordance with our regulatory obligations, to require you to close out Transactions in a timely manner in the event that the trading instrument is removed from the Trading Platform. Where Transactions remain open for more than 7 (seven) days following our requirement for you to close them out, we reserve the right to close such Transactions on your behalf at the last available price. If we receive a chargeback or any type of dispute from your credit card issuer or with respect to any other payment method for any reason, you acknowledge that we have the right, to:
- 14.6.1. immediately close any and all of your open Transactions whether at a loss or a profit and liquidate your Trading Account in accordance with Section 19.3 of this Agreement, with or without any notice; and/or
 - 14.6.2. immediately place restrictions on your Trading Account with or without any notice, including: i) the restriction on making deposits using any payment method to your Trading Account, even in cases where your Trading Account is in Margin Call, ii) the restriction on requesting withdrawals from your Trading Account, and iii) the restriction on opening new positions on the Trading Platform; the duration of the restrictions will be set at the Company's discretion;
 - 14.6.3. terminate the Client Agreement in accordance with Section 22.5 of this Agreement.
- 14.7 The Company cannot be held liable for any loss, cost or charge incurred directly or indirectly from the exercise of our right to place restrictions on your Trading Account as provided in section 14.6 of this Agreement. You further agree that the exercise of our rights under section 14.6 of this Agreement does not affect, diminish, influence or alter in any way our rights to issue Margin Alerts under this Agreement.

15. GENERAL RULES OF TRADING

- 15.1 You acknowledge and agree that each Transaction conducted on the Trading Platform, including the placing of an Order, is comprised of first, an offer by you to complete a Transaction (whether such offer is to open a Transaction or close an open Transaction) at a certain price quoted on the Trading Platform, and secondly, an acceptance of your offer (on an automated basis). A Transaction will be deemed to have been completed only when your offer has been received and accepted.
- 15.2 We may in our absolute discretion, provide quotes for, or accept, execute or cancel, all or any part of a Transaction that you have requested through the Trading Platform without giving

any reason. You may request to cancel or amend a Transaction at any time prior to our completing such a Transaction. We shall be entitled, but not obliged, to accept such a request in our sole discretion.

- 15.3 Any Financial Data, prices, or other information available to you on the website or the Trading Platform or offered by us in any other form or by any other means whatsoever ("Content"), is provided as general market commentary and does not constitute investment advice. Such Content is subject to change at any time without notice. Whilst we do take reasonable measures to ensure the accuracy of such information, we will not accept liability for any loss or damage, including without limitation, any loss of profit, which may arise directly or indirectly from use of or reliance on such information.
- 15.4 We reserve the right to void from the outset any Transaction containing or based on any Manifest Error. In the absence of our fraud or willful default, we will not be liable to you for any loss, cost, claim, demand or expense following any Manifest Error.
- 15.5 You acknowledge that all prices shown on the Trading Platform are indicative only of actual trading prices in Normal Market Size and are subject to constant change.
- 15.6 You shall comply with any reasonable restrictions or limitations applied from time to time on any instrument, in accordance with our risk management policies, including limitations on number of Transactions, the size of new Transactions (either as a single Transaction or aggregated Transactions) or other conditions that may apply to our quote. You acknowledge that we may offer to and impose on each user, in our sole discretion, different terms and restrictions with respect to their use of the Trading Platform.
- 15.7 You acknowledge that whilst the prices generated on our platform will take into account market data from various sources, they are not taken directly from any one source, and therefore may not match prices that you see elsewhere (including prices quoted on stock exchanges). You further acknowledge that the triggering of your Transaction is linked to the prices we quote on the Trading Platform, not the prices quoted on the relevant Exchanges. We attempt to generate Prices on an ongoing basis and to have the currently applicable Prices displayed on the Trading Platform as quickly as possible. However, technical conditions (e.g., the transfer rate of data networks or the quality of your internet connection, as well as rapid market fluctuations) may lead to a change in the applicable price between the time the Order is placed by you and the time the Order is received by us or the Order is executed by the Trading Platform. In addition, there will be times when circumstances may prevent the Trading Platform from generating prices or affect the prices being quoted. Our prices may differ from the current prices on the relevant Exchanges and you acknowledge that a Transaction may be triggered even though:
 - 15.7.1 an Exchange never traded at the level of your Transaction; or
 - 15.7.2 the Exchange did trade at the level of your Transaction but for such a short period that it would have been impractical to execute an equivalent transaction on the Exchange.
- 15.8 When you complete a Transaction on the Trading Platform, you agree that you are dealing with us as principal, off-exchange and are not dealing on the Exchange.
- 15.9 Please remember that when you open a transaction on the Trading Platform you are trading with CFDs, which means that you enter into a contract with us for the difference between the value of an Instrument as specified on the Trading Platform at the time of opening a Transaction, and the value of such Instrument at the time of closing the Transaction. You acknowledge and agree that you are not entitled to ownership of the underlying asset of such a contract (for example the actual Shares or the Rights offered in a Rights Issue event or the Shares offered in an Options contract).
- 15.10 You acknowledge that any prices quoted on the Trading Platform are set by us in our reasonable discretion, taking into account a variety of factors including prevailing market conditions and

trading demand on the Trading Platform. You also acknowledge that the prices quoted on the Trading Platform may diverge significantly from any current Exchange or market price, or a competitor's price for the underlying Instrument.

- 15.11 You acknowledge that each Transaction is made for a specified number of units that constitute the underlying Instrument. You may only complete Transactions on the Trading Platform for the minimum number of units as set forth on the Trading Platform as the "Unit Amount", and in multiples of such "Unit Amount" up until the maximum amount permitted by the Trading Platform. You acknowledge and agree that we may set and/or change, in our sole and absolute discretion, the "Unit Amount" for each Instrument at any time, without prior notice.
- 15.12 Each Transaction opened by you, and any Transaction completed, will be binding on you notwithstanding that by opening the Transaction you may have exceeded any credit or other limit applicable to you or in respect of your dealings with us.
- 15.13 Subject to Section 15.16 below you may request a quote to open or close a Transaction for a particular Instrument, at any time during the Trading Hours for such Instrument. We will be under no obligation to, but may, in our absolute discretion, provide a quote and accept and action your offer to open or close a Transaction for an Instrument outside of the Trading Hours of such Instrument. In some cases, Transactions may only be traded during the time when the relevant Exchange where the Instrument is traded is open. KLIPS CY's Trading Hours are displayed on the Trading Platform under the instrument details for each specific Instrument which may or may not be the same as the Trading Hours of the relevant Exchange. You acknowledge that it is your responsibility to ensure you are aware of which Instrument may be affected by differences in the Trading Hours for a particular Instrument compared to the Trading Hours of the relevant Exchange for the relevant Instrument.
- 15.14 Without derogating from Section 10.4, if, prior to the acceptance of your offer to open or close a Transaction, we become aware that any of the factors set out in Section 15.16 have not been met, we reserve the right to reject your offer outright. If we have, nevertheless, already opened or closed a Transaction prior to becoming aware that a factor set out in Section 15.16 has not been met, we may, in our absolute discretion, either treat such a Transaction as void from the outset or close it at our then prevailing price quoted on the Trading Platform. However, we may, in our absolute discretion, allow you to open or, as the case may be, close the Transaction in which case you will be bound by the opening or closure of such Transaction, notwithstanding that the factors in Section 15.14 were not satisfied.
- 15.15 The factors referred to in Section 15.14 include the following:
 - 15.15.1 the quote must be obtained via the Trading Platform or by such other means as we may from time to time notify you;
 - 15.15.2 your offer to open or close the Transaction must be given while the quote is still valid;
 - 15.15.3 the quote must not contain a Manifest Error;
 - 15.15.4 when you offer to open a Transaction, the number of units in respect of which the Transaction is to be opened must be neither smaller than the minimum unit amount specified on the Trading Platform for the Instrument, as applicable, from time to time, nor greater than the amount permitted on the Trading Platform;
 - 15.15.5 a Force Majeure Event must not have occurred as described in Section 16.1 of this Agreement;
 - 15.15.6 when you offer to open or close a Transaction an Event of Default must not have occurred in respect of you;
 - 15.15.7 when you offer to open any Transaction, the opening of the Transaction must not

result in your exceeding any initial or maintenance margin amount, credit or other limit placed on your dealings;

15.15.8 subject to Section 15.13, your offer must be given to us during the Trading Hours for the applicable Instrument in respect of which you offer to open or close the Transaction; and

15.15.9 any other factor that we, in our sole discretion, notify you from time to time.

15.16 If, before your offer to open or close a Transaction is accepted by us, our quote moves to your advantage (for example, if the price goes down as you buy or the price goes up as you sell) you agree that we can (but do not have to) pass such price improvement on to you. The effect of such action being that the level at which you offer to open or close a Transaction will, upon acceptance by us, be altered to the more favorable price. You acknowledge that it is in your best interests for us to alter the level of your offer in the manner contemplated in this Section and you agree that any offer altered in accordance with this Section, once accepted by us, results in a fully binding agreement between us. Without derogating from the foregoing, you acknowledge that it is within our complete discretion as to when we will pass on a price improvement to you.

15.17 Use of any robots or other automated data entry system with the Trading Platform is expressly prohibited. All Transactions must be completed manually by you. Any Transaction completed through such use of an automatic data entry system shall be null and void. Upon a breach of this Section 15.17, we may immediately close all or any of your Trading Accounts held with us of whatever nature, terminate the User Agreements without notice and refuse to enter into further Transactions with you. Furthermore, any Funds held in your Trading Account shall be frozen and we shall be entitled to deduct any amounts from your Trading Account in order to set off any loss, damages or expenses incurred by us as a result of a breach of this Section. Any remaining balance in your Trading Account will be returned to you in accordance with Section 22.9.

15.18 If you have more than one Trading Account with us, each Trading Account will be treated entirely separately by us. Therefore, any credit on one Account (including amounts deposited as Margin) will not discharge your liabilities in respect of any other Account. This does not derogate from any other rights we may have if Unacceptable Trading Circumstances exist. It is your responsibility to ensure the required level of Margin is in place for each Trading Account separately.

15.19 Opening of more than one Trading Account is not allowed by us. You acknowledge that in an event that you opened more than one Trading Account, we will be entitled to exercise our right of terminating one and or any of your accounts. We can also decide to treat all of the accounts as related accounts, operated by one customer.

15.20 Benefits – Takeovers and Transformations (including events such as share consolidations/splits, mergers, takeovers, spinoffs, MBO's, de-listings, etc): depending on the circumstances of each event, we endeavor when possible to close out open positions at the market price immediately prior to the event taking place.

15.21 If a company, whose Instrument forms the Derivative goes into insolvency or is otherwise dissolved, we will close any such of your open Transactions in the Derivative of that Instrument. The closing date shall be the date of insolvency.

15.22 Suspension of trading: if an instrument stops trading indefinitely on an exchange, e.g. due to corporate misconduct, we shall remove the instrument from the trading platform. All open positions on the instrument will be closed at the last available price on the Trading Platform prior to the suspension.

15.23 Declaring Bankruptcy: if a company whose Instrument forms the Derivative declares

bankruptcy, we shall remove the instrument from the Trading Platform on the same day the company filed for bankruptcy and close out all open positions on the instrument at the end of the same trading day.

16. FORCE MAJEURE EVENTS

- 16.1 We may, in our reasonable opinion, determine that a Force Majeure Event exists. A Force Majeure Event will include, but is not limited to, the following:
- 16.1.1 any act, event or occurrence (including without limitation any strike, riot or civil commotion, act of terrorism, war, industrial action, acts and regulations of any governmental authorities) that, in our opinion, prevents us from maintaining an orderly market in one or more of the Derivatives in respect of which we deal on the Trading Platform;
 - 16.1.2 the suspension or closure of any Exchange or the occurrence, abandonment or failure of any Instrument on which we base, or to which we in any way relate, our quote, or the imposition of limits or special or unusual terms on the trading in any such market or on any such event;
 - 16.1.3 the occurrence of an excessive movement in the level of any Transaction and/or Exchange or our anticipation (acting reasonably) of the occurrence of such a movement;
 - 16.1.4 any breakdown or failure of transmission, communication or computer facilities, interruption of power supply, or electronic or communications equipment failure; or
 - 16.1.5 the failure of any relevant supplier, Financial Institution intermediate broker, agent or principal of ours, Exchange, clearing house or regulatory or self-regulatory organization, for any reason, to perform its obligations.
- 16.2 If we determine that a Force Majeure Event exists, we may, in our absolute discretion, without notice and at any time, take one or more of the following steps:
- 16.2.1 alter your Margin requirements; which may result in you requiring to provide additional Margin;
 - 16.2.2 close all or any of your open Transactions at such closing prices as we reasonably believe to be appropriate;
 - 16.2.3 suspend or modify the application of all or part of the User Agreements to the extent that the Force Majeure Event makes it impossible or impracticable for us to comply thereto;
 - 16.2.4 alter the Trading Hours for a particular Transaction;
 - 16.2.5 void all open transactions in affected Instruments;
 - 16.2.6 decrease Leverage.
- 16.3 You agree that we will not be liable in any way to you or to any other person in the event of a Force Majeure Event, nor for our actions pursuant to Section 16.2, if we decide to take such action. The parties shall be released of all responsibilities for partial or full non- fulfilment, as well as for improper fulfilment of the obligations under this Agreement, if such non-fulfilment or improper fulfilment was a result of a Force Majeure Event, which occurred after the User Agreements were concluded.

safety offered by the third parties referred to herein, and including in any case the small balance of Client Funds that the Company holds, this requirement is not proportionate.

- 17.8 We may, however, hold all or part of your Client Funds with a credit institution or bank outside an EEA country and in such circumstances the legal and regulatory regime may differ from that applicable in an EEA country, with the effect that in the insolvency or equivalent failure of such credit institution or bank, the treatment afforded to your Client Funds may be different from the treatment afforded if your Client Funds were held in an account with a credit institution or bank subject to an EEA state's laws. We will not be liable for any failure or insolvency of any custodian, credit institution, bank or third party holding your Client Funds within or outside the EEA; however, applicable investor compensation or deposit protection schemes may protect a proportion of your Client Funds that are held with any with a credit institution or bank or third party.

- 17.14 You hereby acknowledge and agree that the Company has the right to request you at any time any documentation to confirm the source of the funds you deposited into your Trading Account. 18. MARGIN AND DEPOSIT REQUIREMENTS

- 18.1 In order to open a Transaction for an Instrument, you undertake to provide the Initial Margin in your Trading Account. In order to keep a Transaction open, you undertake to ensure that the amount in your Trading Account exceeds the Maintenance Margin. You acknowledge that the Margin for each Instrument differs and may be changed by us in our sole discretion from time to time. Deposits into your Trading Account can be made by wire transfer or another method of payment approved by us (for example, debit/credit card, etc.) to a bank account, or other location, as we may notify you from time to time. Based on the amount of money you have in your Trading Account, we retain the right to limit the amount and total number of open Transactions that you may wish to open or currently maintain on the Trading Platform.
- 18.2 Deposits for Margin and any other deposits due will, unless otherwise agreed or specified by us, be required in your base currency, based on your country of origin and as shall be specified on the Trading Platform. We shall not, and you shall not request us to, convert any Funds standing to your credit or which have been paid by you into your Trading Account in one currency to another currency.
- 18.3 If you have made a payment to us in a different currency, we may pass on to you all commissions or other charges which we incur in any currency conversion.
- 18.4 You are aware and acknowledge that we may enquire whether you wish to increase the amount in your Trading Account by sending you a Margin Alert. A Margin Alert may be based upon a number of factors, including without limitation, your overall position with us, your account size, the number of open Transactions you have, volume traded and market conditions. No previous Margin requirements specified by us shall preclude us from increasing the rates of Margin without notice. It is your responsibility to monitor at all times the funds available in your Trading Account to cover any Margin required under this user Agreement and any additional Margin that may become necessary.
- 18.5 In order to prevent a Position from closing due to your Trading Account being in a Margin Call, you agree to immediately satisfy any Margin Alerts, by electronic transfer to your Trading Account in the time prescribed by us. Please note that, depending on the payment method, deposits may not be reflected on your trading account instantaneously and, additionally, may be subject to further delays if a security review is undertaken by third party payment providers or by us. Our failure on one or more occasions to enforce or exercise our right to insist on immediate payments as set forth herein will not amount to a waiver or bar to enforcement of that right. Failure to meet the Margin Requirement at any time, or failure to make a Margin Payment when due, will result in a Force Closure of your open positions without further notice to you.
- 18.6 You acknowledge and agree that we may, in our sole discretion, limit your deposits to your Trading Account for credit reasons. To meet your Margin requirements in such circumstances you should reduce the total number of your open Transactions. Such deposit limits and restrictions may vary between Trading Accounts and may be based upon a number of factors, including but not limited to, country of residence, remittance source, payment methods used, frequency and amounts of monetary transactions etc. If you encounter any limitations or restrictions, you should contact us.

19. PAYMENTS AND SET-OFF

45. WHAT FEES AND CHARGES ARE PAYABLE TO US?

There are a number of costs, fees and Charges that you may be required to pay us, in order to use our services:

Type	Description
Spread Cost	<p>Derivative (including foreign exchange derivative) and contracts-for-difference (CFD) transactions incur costs relating to the spread, which is the difference between the bid price and offer price.</p> <p>The “bid price” is the price at which we are willing to buy the underlying asset from you and the “offer price” is the price at which we are willing to sell to you.</p> <p>Taking the example of a foreign currency trade, we buy currency on the wholesale market and sell it to you after building in a spread. We also buy currency from clients and sell it to other clients after building in a spread. The price difference of this spread will depend on factors such as the size and value of the transaction and prevailing market rates. This spread is paid by you, but is incorporated into the quoted rates and is not an additional charge or fee payable by you above those quoted rates. We earn a spread whenever you trade with us. Of course, all buying and selling is notional, because we typically do not actually deliver the currency. We offer a platform that lets you trade currencies.</p>
Commission	KLIPS CY does not charge dealing commissions.
Currency Conversion Fee	KLIPS CY will charge a Currency Conversion Fee when you trade an instrument denominated in a different currency to that of your account currency. Our Currency Conversion Fee is currently up to 0.5% (zero point five percent) of the realized Net Profit and Loss for such position and it is reflected in real time.
Daily Overnight Funding	<p>You may earn or pay interest, (Overnight Funding rate) by entering and holding a Derivative contract after a certain time in the day has passed.</p> <p>An Overnight Funding adjustment is either added to or subtracted from your account to cover the benefit/cost of the associated funding. The Overnight Funding Time for each instrument is shown under the details tab on the Trading Platform.</p> <p>The Overnight Funding you earn or pay depends on the type and size of products that you buy or sell, and the duration of the position.</p> <p>The Overnight Funding is a percentage of the Position value. When trading Share Derivatives, the Position value is calculated every day based on the Trade size multiplied by the Daily Close Rate (the average $[(Buy+Sell)/2]$ of the last quote 30 (thirty) minutes before the Overnight Funding time) and multiplied by the Point Value. Otherwise, the Position value is calculated at the position opening by multiplying the Trade size by the opening rate and by the Point Value. To view the Overnight Funding and “% (percent) per day” for a specific instrument, go to the main lobby screen, select the instrument required and press details on the far right of the row.</p> <p>We may adjust Overnight Funding rates at any time based on market conditions. This may affect both new and existing open positions. If the Overnight Funding rate is adjusted for an open position, it will be applied from then on, based on the updated position value. Your account balance will be automatically credited or debited with</p>
